

ON THE COVER

The cover photo for the October issue of the JCPT was provided by the Canadian Society for Unconventional Gas. The photo is entitled, "Field Trip participants view a well-defined alternating coal and sandstone bed."

JOURNAL OF CANADIAN PETROLEUM TECHNOLOGY

October 2007
Volume 46, No. 10

An official publication of the

FEATURES

- 8 MoneyView
Into Africa
by S. Denesiuk, L. Denesiuk, A. Suthern
- 10 Case Study
The Importance of Initial Reservoir Pressure for Tight Gas Completions and Long-Term Production Forecasting
by F. Hategan, R.V. Hawkes

TECHNICAL PAPERS

- 15 Technology Summary
- 17 Field Observations of Perforation Inflow Diagnostic (PID) Testing of Shallow Low-Permeability Gas Wells
by R.V. Hawkes, H. Dakhli
- 23 New Methods for Determining Infill Drilling Potential in Large Tight Gas Basins
by L. Guan, H. Gao, Y. Du, Z. Wang
- 30 Simulating the Effects of Deep Saline Aquifer Properties for CO₂ Sequestration
by B. Basbug, F. Gumrah, B. Oz
- 39 Effect of Hydrates on Sustaining Reservoir Pressure in a Hydrate-Capped Gas Reservoir
by S. Gerami, M. Pooladi-Darvish
- 49 Characterizing Moisture and Gas Content of Coal by Low-Field NMR
by R. Guo, K. Mannhardt, A. Kantzas
- 55 Nanoscale Gas Flow in Shale Gas Sediments
by F. Javadpour, D. Fisher, M. Unsworth

SOCIETY SPOTLIGHT

- 6 2007 Petroleum Society Board of Directors
- 7 Call for Nominations to the Board of Directors
- 9 Petroleum Society's Awards Banquet and Annual Business Meeting
- 9 Petroleum Society of CIM Scholarships
- IBC Call for Papers – CIPC 2008

DEPARTMENTS

- 4 Chairman's Remarks
- 62 Directory of Professional Services
- 64 Advertisers' Index
